

Neck Diagrams for "Even Divide Through The Tide"

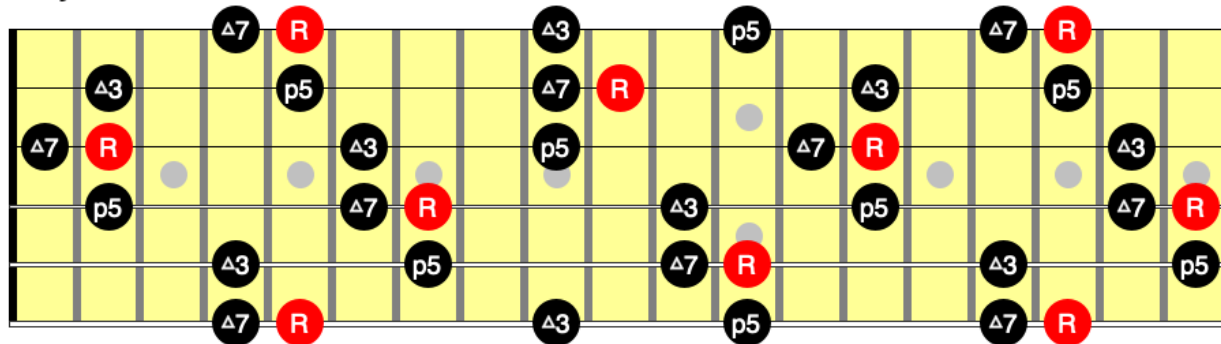

These diagrams will be helpful for you as you learn to find the 4 note arpeggios for the chords in the song. I've also included the A major scale, because all these chords/arpeggios exist within the A major scale. This is referred to as "diatonic chords" or "diatonic harmony".

You may find it helpful to print them out, and draw a line around the shapes you want to focus on.

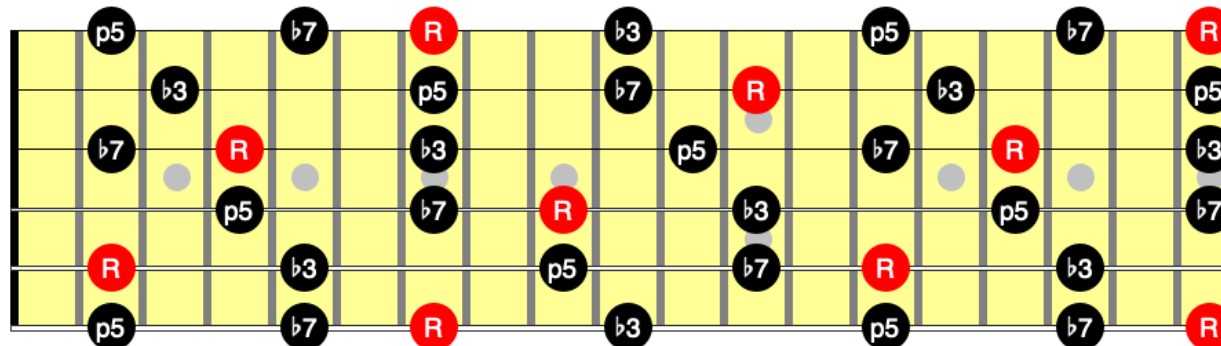

A Major Scale

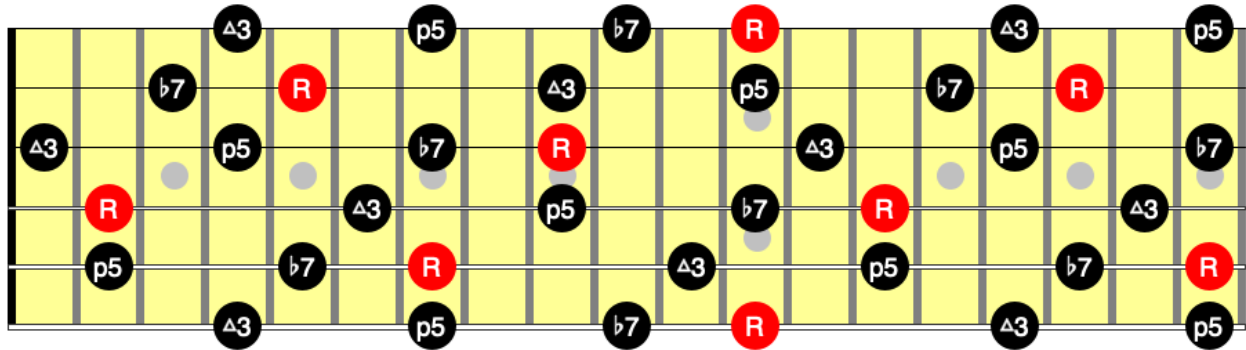

A Major 7th

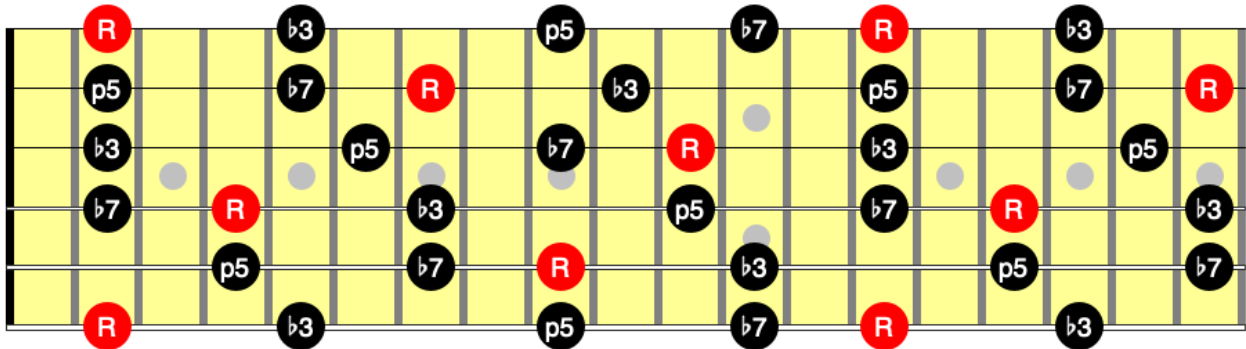

B Minor 7th

E Dominant 7th

F# Minor 7th

D Major 7th
